## OUR CLUBS

Los Clubs y ALE son un camino para que nuestros alumnos desarrollen esa faceta supra curricular y al mismo tiempo disfruten aprendiendo y pongan en práctica ciertos conocimientos y habilidades que luego les serán muy útiles tanto para acceder a universidades extranjeras como para triunfar en su carrera.

Our Clubs and ALE are one way in which our students begin to develop a wider range of skills. At the same time, they enjoy learning to put their skills and knowledge into practice. These skills will prove to be very useful later, when they are aiming for University places and to help them succeed in their chosen degree subjects.
